

TREE PRUNING FOR HOMEOWNERS

with Maine Forest Service's Project Canopy Director
Jan Santerre and District Forester Lauren Ouellette

THURSDAY, SEPTEMBER 28

12:30PM - 2:00PM, HOULTON

Learn proper techniques to prune the trees in your yard and garden, including how cut size and timing of pruning can impact wound closure and tree longevity. Jan and Lauren will demonstrate how and when to use a variety of hand tools to prune for tree health, vitality and aesthetics.

The Tree Pruning workshop is being held by the Southern Aroostook Soil and Water Conservation District and is **FREE** to interested homeowners.

No pre-registration necessary. All are Welcome!

If you have your own pruning hand tools, please bring them with you

12:30: Meet at the corner of Park and High Streets in Houlton
